Description

M201/C concierge station is a full IP solution for the communication in luxury homes, residential buildings, condominiums or office buildings.

Thanks to its technology and Peer2Peer facilities M201/C monitors does not require any server on the installation. The system never becomes busy thanks to the multi-channel feature.

The protocol of communication is TCP/IP which makes possible to be connected to a LAN together with other IP devices in the same installation.

Dimensions: 174 (W) 124 (H) 17 (D) mm
