

NEW

Printed Cable

CQR are pleased to announce that we have now installed a printing facility to our cable manufacturing factory.

This printer allows direct application of black print to be added to the PVC coating of any CQR cable as it is being manufactured. The flexibility of the printing technology allows you to meet the demands of your market. For example you may wish to have:

Specification Markings

Company Names

Metre Markings

As part of our added value service to our existing cable customers, CQR are offering this service free of charge, allowing you to benefit from this marketing tool and promote to your cable customers.

Should you wish to discuss this in more detail please contact us.

- 35 Years experience of alarm cable manufacturing in the United Kingdom
- Wide range of cable types; standard, screened, low smoke & fume, twisted pair and power & data
 - User friendly, easy to strip & pliable in use
